A-S no 119 of 1892-93

Appellants:
Malle'gowda &
others of kiragadu
Hassan Taluk

On the 21st February 1889 one Pannattipur Venkatnarayanappa applies to the Amildar of Hassan for the grant of about 24 acres of land out of kharab land Survey no 15 in kiragadu for Coffee cultivation. The applicant deposites also a sum of Rs 60, promising to pay the balance after the grant.

The Shekdar who had been ordered to submit a report in the matter states in his report that there were some sandalwood and other trees on the land applied for and that some four or five of the ryots of the village had objected to the grant of the land

for cultivation, although the rest had no objection whatever.

The muchalgas executed by the ryots contains also a note to the effect that some of them ~~were~~ were opposed to the grant of the land for cultivation.

In the meantime ie on 13-3-89 malle'gowda & other ryots (appellants) presented a petition to the amildar of Hassan. that there had been similar applications for the land which were rejected, one by H. Saliye gowda in 1864 that was rejected by the Chief Commr. and another by ponnathpur venkata Ramania that was rejected in 1885[x], that if the land applied for was granted for cultivation they (ryots) would be subjected to much inconvenience owing to a serious want of grazing for their cattle in the village, that there were some path-ways across the land, that they had also their heaps

[x] (1886 according to the Inv. Proc.)

of manure on it, that there were Sandalwood and other useful timber trees on it and that for these reasons it should not be granted to the applicant for Cultivation.

On the 26th March 1889 the Amildar of Hassan reported to the Deputy Commr. that the land applied for by Venkatnarayanappa above named having been found to measure 28 acres instead of 24 as stated in the durkhast the applicant had deposited a further sum of Rs 10, that the said land contained 300 Sandal-wood trees besides other kinds, that excepting four or five of the ryots the rest had no objection whatever to the grant, that the above named Malle Gowda and other petitioners who had alleged that a similar application for the said land in 1864 had been rejected by the Chief Commr. were not able to produce a copy of the said order, that the extent of Gomal

BROUGHT TO MEMBERS

allotted to the ryots was
143 acres 25 guntas and
the number of cattle in
the village was only 700,
that there was also some
assessed ~~(through, unoccupied)~~
waste land with an Extent
of 371 acres 29 guntas, that
the Kharab land survey
No 15 in question measuring
212 acres 29 guntas yielded
annually by the sale of
the hubbanni an amount
varying from Rs 60 to 80,
that the ryots contention
that by the grant of the
land ~~applied for~~ to Venkat
-narnappa above named,
they would be deprived
of gomal for their cattle
was groundless, that on
the other hand by granting
it to him, it would not
only fetch Rs 280 for the
28 acres at the rate of
Rs 10 per acre, but would
also yield annually an
additional revenue to
Govt in the shape of
kandayam, that if the
ryots were at all willing
to secure the land for
themselves they might
bid for it in the auction

and obtain it and that under all these circumstances it might be granted to the applicant Venkatanarnappa for Coffee cultivation according to the rules prescribed therefor

No. 20 of 6.4.89

The Deputy Commr thereupon issued an order to the Amildar that the ryots' objections were untenable, that the land applied for should be sold by public auction to the highest bidder who should bind himself to enjoy the land without interfering with the existing rights of way on it and to pay any additional amount that might be demanded from him in the event of any increase in the extent of the land being discovered by the Survey Department.

On receipt of the above order the Amildar accordingly issued an Istihar dated 8th April 1889 notifying that the land applied for by Venkatanarnappa would be sold by public auction on the 13th May 1889 to the highest

bidder and that the
temporary assessment
that the purchaser would
be required to pay for
cultivating coffee thereon
would be at the rate of
1 rupee per acre.

The Isthihar was
duly published for information
of the people that might
intend purchasing the
land. The ryots of Kiragasur
however who at first refused*
to be served, afterwards
affixed their signatures to
the Isthihar.

(*vide note on the Isthihar)

The sale took place
in the Taluk kutcherry
on the date mentioned
in the Isthihar i.e. 13.5.89.
Many persons had assembled
and the contents of the
Isthihar were also explained
to them on that date.
The applicant Venkat
narnappa's bid for the
land was for Rs 280 at
the rate of Rs 10 per acre.
The highest bid was for
Rs 281 by Venkatramania
Rev. H? accountant and
the land was accordingly
knocked down to him
for that amount.

On the 30.th May

1889 the amildar reported to the Deputy Commr that the sale had been duly conducted on the 13th April '89, that about half the number of the ryots of Kiragadu had assembled that day, that the highest bid for the land was for Rs 251 by head accountant Venkata Ramania, that this amount had been paid up, that there had been no dispute regarding the land since the date of sale, that the land would be subdivided into 4 separate numbers and that the sale might be confirmed.

17.6.89 The Dy Commr having made a reference to the Asst Conservator of Forests as to the expediency or otherwise of granting the land for coffee cultivation, the latter officer replied

26.7.89 that the tract was not a fit one to be reserved by the Forest Department and might therefore be granted for cultivation

On the 18th August 1889
the Deputy Commissioner
confirmed the sale.
The extent of the land
actually sold was 28 acres
23 guntas. The value of
23 guntas had not been
recovered from the purchaser.
Hence the Deputy Commr:
in his order of 1-8-89 to
the Amildar observed
that the amount might
be taken into consideration
at the re-measurement
of the land by the Surveyor.
The Amildar there
upon issued a Sagvali 14-8-89
chit to Venkatramania
the purchaser, ~~of the land~~
~~sold to him and~~ delivered
possession of the land to
him on the following
conditions:
i That the temporary
assessment of the land
sold to the said Venkata
-Ramania would be ~~was~~ Rs 28 ~~per~~
at the rate of 1 rupee per
acre.
ii That the land would
be free of assessment for
3 years beginning from the
year Virodhi,
iii That the assessment
on the land for the 4th
& the 5th years respectively

would be one half.

iv That from the 6th year he should pay the full assessment.

On the same date Venkataramania also executed a muchalika agreeing to the above conditions.

In the meanwhile however, Venkata-Ramania applied to the Amildar for the grant of about 20 more acres of land out of the above refd. survey No 15 for a permanent hulbanni at the rate of 4 annas per acre so that he might collect manure &c there for the use of the coffee Estate.

× on 18. 5. 89

The Shekdar who had been directed to report as to the number & the kinds of trees that stood on the land stated that there were many fuel trees, besides one or two other useful trees.

On the 8th June 1889 the Amildar reported to the Deputy Commr that Venkataramania above named had applied for 20 acres of land, for permanent hulbanni at annas four per acre, lying to the north of the land

already purchased by him for cultivation of Coffee, and that orders might be passed as to whether or not it should be granted to him.

The Deputy Commr. again made a reference to the Asst. Conservator of Forests as to whether or not the land might be granted for cultivation 17.6.89

The Forest officer in reply refd. the Dy Commr. to his former letter saying that the land was unfit to be reserved for forest purposes &c. 26.7.89

On the 1st August 1889 the Deputy Commr. directed the Amildar to report as to the amount annually realized by the sale of Kulbanni of this number (Survey No. 15), as to whether or not the land was fit for dry cultivation, as to whether or not the ryots were willing to take it up for dry cultivation and as to what were the maximum and the minimum rates of assessment on dry lands in Kiragadu village

16-8-89

The Amildar thereupon reported to the Deputy Commr that the average annual realization per acre by the sale of Kulbanni of Survey No 15 was ~ Rs 0-3-2, that the land applied for by Venkata Ramania was actually unfit for dry cultivation, that he would still pay dry assessment on it at the rate of Rs 0-15-0 per acre, which was the lowest dry rate in the village, since it was close to the land already purchased by him for Coffee culti-vation, that the dry rates in the ~~va~~ village ranged from Rs 0-15-0 to 1-14-0 per acre, and that under these circum-stances the land might be granted to the applicant on the above dry rate of assessment.

On the 6th September 1889 the above named Venkat Ramania presented

a petition to the Amildar that the land applied for by him was found on a measurement made by the Dist. surveyor to consist of 40 acres, that he would agree to pay any assessment that might be imposed on it by the Survey Department if the land was at once granted to him.

The Shekdar ~~to~~ was then ordered to ascertain the number and the kinds of trees standing on the land applied for which had been subdivided into eight numbers (Survey nos 345 to 352) and to submit ~~[illegible]~~ this report together with a mahazar from the inhabit-ants of the village with regard to the value of trees &c. 6-9-89

On the 18th September 1889 the Shekdar reported to the Amildar that there were many ~~[illegible]~~ stunted fuel trees and no other useful trees could be found on the land

excepting one Alada mara which was estimated to be worth a rupee.

The mahazar dated 15.9.89 drawn up by the ryots of Kirigasha who inspected the land shews that excepting about 20 sandalwood trees and one or two others, the rest were useless fuel trees.

On 23.9.89 the Amildar on receipt of the above report from the Shekdar reported to the Deputy Commr. that the land might be given out at once to the durkhastdar free of sale on payment by him of Rs 5 which might be considered as the total value of trees on it.

27.9.89 The Deputy Commr. thereupon sanctioned the grant of the land to Venkatramania, ~~on condition of his paying at first the sum of Rs 5 being the value of trees and agreeing to~~ on a temporary assessment at the rate of Rs 0-15-0 per acre, provided the said Venkatramania was willing to pay any assessment that might ~~be~~ afterwards be fixed by the Survey Department.

The Amildar was also ordered to deliver the land to the durkhast-dar's possession on payment of the value of trees and execution of a proper document by him (durkhastdar).

On the same date i.e. on 27-9-89 the Deputy Commr made a reference to the Survey Superintendent requesting him to fix the assessment on the land granted to Venkata Ramania.

On the following day Venkataramania above named executed a muchalka agreeing to abide by the conditions mentioned in the Deputy Commr's order and stating that the land was put in his possession.

The Survey Superintendt. fixed the assessment at the rate of one rupee per acre. 6-11-89

On the 11th November 1889 the Deputy Commr. ordered the Amildar to give effect to the Survey Superintendent's order.

GOVERNMENT OF MYSORE

On the 10th August 1892 Malle' gowda & other ryots of kiragalu presented a petition to the Amildar of Hassan that the village of kiragalu with its four dakhale koppals contained about 2000 head of cattle, that they had been enjoying Survey no. 15 as gomal, that notwithstanding this a considerable portion of this number was granted to Venkatramania for cultivation, that owing to this grant they had been subjected to much inconvenience and as they wanted to represent their grievances to the higher authorities they might be issued an endorsement giving details regarding the conditions &c of the above grant

11-8-92 The Amildar thereupon issued an endorsement to the petitioners that 28 acres 23 guntas out of survey no. 15 was publicly sold ~~to Venkata Ramania~~ for Rs 281 to Venkata Ramania who was the highest bidder, that the sale was also

confirmed by the Deputy Commr. in his order No 444 dated 1st August 1889, and that nothing could therefore be done in the matter.

Malle' gowda and others have now appealed to this office on the following ~~grounds~~ grounds:-

(1) That survey No 15 used to be taken up by the ryots for Hulbanni, and had never been assessed land.

(2) That on a previous occasion a portion of the same number had been applied for by Venkata Ramanna for dry cultivation, when it was refused to be granted owing to the complaint of the ryots.

(3) That the portion that has now been granted to Venkataramanna is far superior to the rest of Survey number 15.

(4) That excepting this land, the ryots have no other land to be used as gomal for the 2000 cattle in the village

(5) That on survey No 15

there are more than 1000 Sandal wood trees.

(6) That if there really had been a public sale of the land, they would have complained then alone.

The appellants pray that the whole of Survey No 15 may be restored to the ryots to be used as formal as usual.

With regard to 2d ground the Proprietors give the following particulars:

On the 23d August 1886 Venkatramania above named had ~~applied~~ applied to the Amildar of Hassan for the grant of about 100 acres of land for cultivation out of survey No 15 in Kirayadu

On 17.9.86 the Amildar ordered that the land applied for could not be granted since there were about ~~300~~ 300 Sandal trees on it.

A few days afterwards ie on 22d September 86 Venkatramania himself withdrew his application on the ground ~~that~~ that there was not sufficient land for cultivation - as

were besides sandal
wood trees on it.

Memo:

A-S No 119 of 1892-93

Appellants

malle' gowda & other ryots of kiragadu Hassan Taluk

On the 21st February 1889 one Venkatnarnappa of Ponnathpur applied to the Amildar of Hassan for the grant of about 24 acres of land out of survey No 15 (kharab) in kiragadu, for coffee cultivation on a temporary assessment of 1 rupee per acre. He deposited also the usual amount.

The Shekdar in his report to the Amildar stated that there were some sandal wood & other trees on the land and that four or five of the ryots of the village objected to the grant of the land for cultivation. The Mahazar executed by the ryots of kiragadu contains also a note to the effect that some of them were opposed to the grant of the land applied for.

On the 13th March 1889 malle' gowda & other ryots (appellants) of kiragadu presented a

petition to the Amildar that if the land was granted for cultivation they would be deprived of the only gomal land in the village, that there were pathways on the land, that they had been using the land for collecting manure &c, that there were Sandalwood and other useful timber trees on it, that similar applications for the said land had been formerly rejected, one in 1864 by the Chief Commissioner and another in 1885, and that under these circumstances it should not be granted for cultivation.

On the 26th March 1889 the Amildar reported to the Deputy Comm: that excepting four or five ryots the rest of the villagers had no objection whatever to the grant, that the above named Malle' Gowda and others who had alleged that a similar application had been rejected by the Chief Comm: were not able to produce a copy of the said order although they had been required to produce it, that the extent of Gomal land allotted to the village

that the no of cattle was 700,
was 163 acres 25 guntas, that
there was besides an area
of 371 acres 29 guntas of
assessed waste land in the
village, that Survey no 15
referred to above had been
yielding an annual amount
ranging from Rs 60 to 80
by the sale of Kulbanni,
that the objection of the
ryots was frivolous, that
on the other hand by granting
the land to the applicant
it would not only fetch
Rs 280 for the 28 acres at
the rate of Rs 10 per acre
but would also yield an
additional revenue to
govt annually in the shape
of kandayam, and that
under these circumstances
the land might be granted.

On a measurement the
land applied for was found
to consist of 28 acres 23 gs.

On the 6th April 89
the Deputy Commr observing
that the ryots' objections
were untenable ordered
that the land should be
sold by public auction to
the highest bidder who
should bind himself to enjoy
the land without interfering
with the existing rights of
way on it, and to pay any
extra amount that might
be demanded from him
in the event of any increase
in the extent of the land

being discovered ~~by the Survey Department~~ on a re-measurement by the Survey Department.

on the 8th april 1889 the Amildar accordingly issued an Isthihar notifying that the land applied for by Venkatnarnappa for coffee cultivation would be sold by public auction to the highest bidder on the 13th may 1889.

The Isthihar was only published for the information of the intending purchasers. The ryots of Kiragadu ~~who~~ are stated to have got a note entered therein stating that they would not ~~at first refused to be sworn~~ afterwards affix ~~and~~ but signed to subsequently their signatures to the Isthihar. The Isthihar is signed by 3 Europeans, the Patel & 12 others

(vide recital in Haray Patti's report of 13.5.89)

The Sale took place in the Taluk Kutcherry on 13-5-89. The Haray Patti mentions that the contents of the Isthihar were explained to the persons assembled, among whom were, as reported by Amr, ~~all~~ the people of the village. The applicant Venkata narnappa's bid was for Rs 280 for the 28 acres of land. The highest bid was for Rs 281 by Venkataramania head accountant, to whom the land was knocked down.

× Note. In the Proclamation of Sale & in the order of Shekdar it was at first stated that the sale would be held at the spot, but those words have been struck off & the words Taluk Kacheri inserted. The correction is not initialled. There is no such correction in the Sale List of 13 May & Amildar's report of 30 Idem

On the 30th may 1889 the Amildar submitted the sale proceedings to the Deputy Comr reporting that the sale had been duly held that since the date of sale there had been no complaints and that the ~~sales~~ purchase money had been paid up and that the sale

might be confirmed.

The Deputy Commr then made a reference to the Asst Conservator of Forests for his opinion as to whether or not the land might be granted for cultivation. The Forest Officer replied that the tract was not a fit one to be reserved for forest purposes and that it might be granted for cultivation.

No. 444

On ~~the~~ 1st August 1889 the Deputy Commr confirmed the sale.

14-8-89

The Amildar then issued a sagvali chit to the purchaser and delivered possession of the land. The conditions of the grant are:-

(1) That the temporary assessment on the land is Rs 28 at the rate of one rupee per acre

(2) That for 3 years beginning from Virodhi the land may be enjoyed free of assessment

(3) That for the 4th & the 5th years respectively the assessment will be one half.

(4) That from the 6th year of the grant full assessment should be paid.

The purchaser Venkata Ramania also executed a muchalika to abide by the above conditions.

In the meanwhile however it on 18-5-89 Venkata Ramania applied

for 20 more acres out of the above refd survey no 15 for permanent Kulbanni at 0-4-0 per acre.

The land now applied for measured 40 instead of 20 acres. The applicant agreed to take up this land on an assessment at the rate of 0-15-0 per acre which was the lowest dry rate in the village. Although the land was unfit for dry cultivation still the applicant agreed to pay assessment at the above rate on the ground that this was close to the one already obtained by him for coffee cultivation. The applicant was also prepared to pay any assessment that might be imposed on the land by the Survey Department provided it was at once granted to him.

The Shekdar reported to the Amildar that there were hardly any useful trees on the land, most of them being useless fuel trees. The Muhazar executed by the ryots of Kiragodu stated that excepting about 20 Sandalwood and one or two other trees, the rest were useless.

On the 23d Sept 89 the Amildar reported to the Deputy Commr that the land might be given out at once to the applicant on payment by him of Rs 5 which might

be considered as a fair value of the trees standing on it.

On 27-9-89 the Deputy Commr. sanctioned the grant on a temporary assessment at the rate of 0-15-0 per acre provided the applicant was prepared to pay any assessment that might thereafter be fixed by the Survey Dept.

In the meantime the Survey Supt. also fixed the assessment on the land at Rs 1-0-0 per acre.

On 10-8-92 Malle' Gowda & other ryots of Kiragaolu presented a petition to the Amildar of Hassan that by the grant of a considerable portion of survey no 15 they were subjected to much inconvenience ~~for~~ for want of sufficient gomal, and that as they wanted to represent their grievances to the higher authorities they might be issued an endorsement giving full details regarding the conditions &c of the above grant.

The Amildar thereupon issued to them an Endorsement that 28 acres 23 gs out of S. no 15 was publicly sold for Rs 281 to Venkataramana the highest bidder and that the sale was also confirmed by the Dy Commr on 1-8-89

Malle Gowda and other ryots now appeal to this Office on the following grounds

i That Survey No. 15 used to be taken up by the ryots for Hulbanni and was never an assessed land.

ii That Venkataramania ~~alone~~ had on a previous occasion applied for the land when it was refused to be granted, owing to the Complaint of the ryots.

iii That the portion now granted to Venkatramania is far superior to the rest of S. No. 15.

iv That Excepting this land, which is close to Korgodlu, the ryots have none else ~~for~~ Gomal for the 2000 heads of Cattle in the village, the Gomal proper being situated in an inconvenient position, of use only to the Dakkle village of Hampinkuppe

v That there are more than 1000 Sandalwood trees on the land.

vi That there was no public Sale of the land: reasons have been put up to suit the object in view.

With regard to the 2d. ground of appeal the Ver. Prop. shew that Venkatramania had in 1886 applied for about 100 acres out of Survey No. 15, that the Amildar ordered on 17.9.86 that the land could not be granted since there were many (300) sandalwood trees on it and that on 22.9.86 Venkatramania also withdrew his application for the land.

The prayer of the appellants is that the whole of S. No. 15 may be restored to the village for Gomal.

Abstract.

Gomal Survey No. 15 has been given D. Dy. Amildar Venkatramaniah by means of auction for coffee cultivation. On a previous occasion when the said Venkatramiah applied for the same no. it was refused on the reason of its being Gomal land. The cattle suffer much by the grant. Pray for the restoration the land for pasture

ABSTRACT.

Reminder Petition

The Gomal land bearing Survey number 15, and measuring about 70 acres was given to Sri Venkata Ramanayya, the deputy Amildar, privately, without a public sale. As there is not enough of Gomal land in the village, Petitioners pray that the said No. 15 may be allowed to continue as Gomal. If, however, the Govt. are bent on giving

Mysore Govt. Central Press Bangalore—7-9-92,—1000.

Petitioners pray that the same may be sold, in small parts, to the poor ryots of the village. As the land contains many sandal trees, it should not be disposed of except in public sale.

No 685
Rec'd & filed
D.R.

Deputy Commissioners Office
Hassan District

Dated Hassan 28th December 1892.

From,

P. N. Purnaiya Esqre
Deputy Commissioner
Hassan District

To

The Chief Secretary to the
Government of Mysore
Bangalore.

Sir,

With reference to your official memoranda Roo: 336 dated 7th September 1892 and 569 Dated 5th Ultimo forwarding for report petitions from Mallegowda and others of Kiragadur, Hassan Taluk, Complaining against the Grant, to Deputy Sheristadar Venkata Ramaniaya, for Coffee Cultivation of Survey no 15, the only Gomal land of the village, I have the honor to state that it would appear from the Vernacular record herewith submitted, that

that the said land is not a Gomal but a Kharab one measuring 212 acres and 29 guntas. Out of this, in the year 1889 Venkataramanaiya applied for about 48 and odd acres for Coffee Cultivation and for Grazing purposes. —

2 — The Amildar after making necessary enquiries, made a report No 1427 Dated 26th March 1889 stating that the extent of Gomal land assigned to the village (143 acres and 25 guntas) as well as the area of assessed un-occupied waste available in the village (371 acres and 29 guntas), is sufficient for Grazing purposes, that the villagers' objection to the Grant of the land applied for is frivolous in as much as the Survey number under reference was annually sold separately for Kulgaval not being their Gomal and that the villagers have no claim over this land

land &c. As the land contained several valuable trees the Sub Assistant Conservator of forests, was asked to report whether it should be reserved as State forest. That officer stated that it is not fit for reservation and it may be given out for cultivation.

3 — Thereupon the Amildar was directed to sub divide the land and sell it by public auction. In obedience to the above order the Amildar sold the land in question and Venkataramanayya purchased it.

4 — The petitioners allege that formerly Venkataramanayya made a Durkast for the very number, but it was rejected owing to the objection made by them. It is a fact that in the year 1886, Venkataramanayya put in a Durkast for the land but at his own request the application was permitted

permitted to be withdrawn and not on account of the petitioners protest.

5— The enclosures of your memoranda under reference are herewith resubmitted.—

I have the honor to be,

Sir,

Your most obedient servant,

J. M. Kinney

Deputy Commissioner
Hawaiian District.

No. 119

449- LR 188-92-7

MYSORE DEWAN'S OFFICE,
PETITION DEPARTMENT,
20-6-1893

Endorsement granted to Malle Gowda and others of Kiragadalu, Hassan Taluk

in reply to their Petition Registered No. 449 A.S. 119 dated 18th August 92 complaining against the grant of ~~the Gomal land~~ a portion of S.No 16 in the 2nd ~~of the~~ village to the Deputy Amildar Venkatramaiya for cultivation

Petitioners are informed that the Govt see no reason to interfere with the orders already passed.

2. The enclosure is herewith returned
